850 million litres. ... That's been pretty consistent all the way through. ... Demand is very high, but the fuel is also coming in the door through imports and the two refineries."

Restiamo in Australia, precisamente nel New South Wales, l'ultima giurisdizione ad aver introdotto un vaccino antinfluenzale in spray nasale per i bambini piccoli.

A centinaia di migliaia di bambini piccoli verrà offerto un vaccino antinfluenzale gratuito e senza ago, mentre gli Stati si attivano per invertire la tendenza al calo dei tassi di vaccinazione.

Il NSW si è unito al Queensland, al South Australia e al Western Australia nell'introduzione di FluMist, uno spray nasale somministrato una volta in ciascuna narice, progettato per rendere la vaccinazione più facile e meno stressante per le famiglie.

Il ministro della Salute Ryan Park ha affermato che l'iniziativa mira ad aumentare i tassi di vaccinazione.

"At the moment. we have only about 25 per cent of young people between 2 and 5 vaccinated. What we hope to see with this flu mist developed by the team at AstraZeneca, is that number reach 40 per cent."

Concludiamo con il golf. L'inglese Justin Rose ha dichiarato che non si lascerà abbattere da quanto gli è successo l'anno scorso al Masters.

Il quarantacinquenne Rose è arrivato secondo per tre volte nel primo torneo major

consistent all the way through. ... Demand is very high, but the fuel is also coming in the door through imports and the two refineries."

Let's stay in Australia, precisely in New South Wales, which is the latest jurisdiction to roll out a nasal spray flu vaccine for young children.

Hundreds of thousands of young children will be offered a free, needle-less flu vaccine as the states move to reverse falling immunisation rates.

New South Wales has joined Queensland, South Australia and Western Australia in rolling out FluMist, a nasal spray delivered once into each nostril, designed to make vaccination easier and less distressing for families.

Health Minister Ryan Park says the move aims to lift vaccination rates.

"At the moment. we have only about 25 per cent of young people between 2 and 5 vaccinated. What we hope to see with this flu mist developed by the team at AstraZeneca, is that number reach 40 per cent."

Let's end with golf. Englishman Justin Rose says he won't be weighed down by what happened to him last year at the Masters.

45-year-old Rose has finished runner-up three times at the year's first major

<p>dell'anno, inclusa la sconfitta ai playoff contro Rory McIlroy nel 2025.</p> <p>Mentre i migliori golfisti al mondo si riuniscono ad Augusta, nello stato meridionale della Georgia, per il Masters di quest'anno, che inizia venerdì, Rose afferma che a volte perdere fa semplicemente parte dello sport di alto livello e che bisogna semplicemente imparare ad affrontarlo.</p> <p>"You can't skip through a career without a little bit of heartache and heartbreak, no chance, if you're going to be willing to win them, you've got to be willing to kind of be on the wrong side of it as well. The key is showing up. The key is to try to be as free as you can in those moments and yeah, you kind of have to hope a little bit along the way that it's your day."</p>	<p>tournament, including losing a playoff to Rory McIlroy in 2025.</p> <p>As the world's best male golfers gather in Augusta in the southern US state of Georgia for this year's Masters, which starts on Friday, Rose says missing out sometimes is just part of big-time sport, and one simply has to learn to deal with it.</p> <p>"You can't skip through a career without a little bit of heartache and heartbreak, no chance, if you're going to be willing to win them, you've got to be willing to kind of be on the wrong side of it as well.
